DEAR PARENTS:

The mission of the All Sports Camp is to improve the health and lives of the campers we serve. Since 2004, we have worked to provide children enriching and safe summer camp experiences. Research has shown that camp experiences increase a child's confidence, self-esteem, social skills, and independence. Here are a few highlights of the All Sports Camp difference:

Leadership of the site director – Leadership matters! Last summer, 99% of parents reported being satisfied with the leadership of the site director.

Quality counselors – We work tirelessly in the hiring process and our training to find the best counselors for your child.

Price – We do not charge for before and after camp services or field trips. All services are included in the per week pricing.

Activities – Our activity schedule was created by varsity sports coaches and credentialed physical education teachers.

Our Commitment to Excellence – and what that means to you and your child

As camp professionals, we understand that your biggest concern is for the safety of your child. We also know you have goals for your child's development related to the powerful lessons the camp experience provides in community, character-building, skill development, and healthy living. We share those same goals, which is why we have taken the added step of becoming an Accredited Camp through the American Camp Association (ACA).

Fun And Safety – ACA Camps Set the Standard

ACA Accreditation means that the camp you are considering for your child cares enough to undergo a thorough (up to 300 standards) review of its operation — from staff qualifications and training to emergency management. American Camp Association® collaborates with experts from the American Academy of Pediatrics, and the American Red Cross, to assure that current practices at the camp reflect the most up-to-date, research-based standards in camp operation. Camps and ACA form a partnership that promotes summers of growth and fun in an environment committed to safety.

* **DID YOU KNOW?** There are only 1,167 camps accredited by the American Camp Association in the country.
